Do you know a child who needs grief support?

Camp Healing Powers®

Grieving the death of a loved one is difficult, especially for a child. Grieving children are likely to feel different and alone.

Recognizing the need to help children through the grieving process, Community Hospice & Palliative Care established Camp Healing Powers, a therapeutic camp open to any child ages 7 to 17 who is grieving the death of a loved one.

Mental health professionals who specialize in grief and bereavement plan and lead camp activities that help children identify and express their feelings and learn skills to help them navigate the grief journey in a safe, supportive and fun environment.

Space is limited. Please call **904.407.6222** for information or to schedule an appointment for a pre-camp assessment.
