Caring for a child with a complex health condition means days filled with physical demands, emotional stress, financial burdens, therapy appointments, balancing the needs of other children and family members, and often continuously supervising the child.

**The Kelsi Leah Young Respite Care Fund** provides the gift of rest to parents or guardians of children in the Community PedsCare® program.

Kelsi Leah Young (Jan. 28, 2005—Dec. 1, 2005) was a beautiful little girl who touched countless lives during her brief life. Her family has established this fund in her memory.

Sponsorships, ticket sales and individual donations for the **11th Annual Kelsi Young Gift of Care Celebration**

demonstrate a caring commitment to the families of children with life-limiting illnesses.

## YOUR CONTRIBUTIONS DIRECTLY IMPACT FAMILIES' QUALITY OF LIFE BY PROVIDING:

a pediatric nurse trained to handle the child's specific needs

respite for primary caregivers to take care of themselves and their families

peace of mind knowing that their child is receiving attentive, quality care

SINCE 2007, THE KELSI LEAH YOUNG RESPITE CARE FUND HAS MADE A COMPASSIONATE DIFFERENCE BY SUPPORTING:

**371** families who have received respite care

**2,215** total hours of respite, which has allowed families to have greater peace of mind

In 2018, **1,140** Respite hours were used by 26 families to allow parents of the patient to have time off or to participate in their other children's activities such as doctor's appointments, school performances, church functions and even date nights.
