

## **Community Relations Ambassador Program**

April 24, 2019

Dear Community Hospice & Palliative Care volunteer,

Thank you for giving your valuable time and talents to volunteer with our organization. My name is Renee Stoffel and I'm the liaison for ambassador training and I'd like to ask for your consideration in becoming a Community Hospice ambassador.

As a Community Hospice ambassador, you'll be sharing information that has the potential to change lives. Ambassadors share valuable information about the services and benefits of our organization through participation in outreach events such as health fairs, community events and speaking engagements for community and faith-based audiences.

At the training, we will take an in-depth look at the organization's services and the most important information to share with our community. We'll also review some of the best approaches to presenting this information and answer general questions you may receive from individuals. If you enjoy interacting and sharing information about Community Hospice and meeting others who feel the same way, then being an ambassador is the right role for you!

If you have any questions or would like to attend an ambassador training class, please contact me at [rstoffel@communityhospice.com](mailto:rstoffel@communityhospice.com), or 904.206.2774.

Thank you for all you do on behalf of our patients and families.

Best regards,

*Renee Stoffel*

Manager, Community Relations
