THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW THIS NOTICE CAREFULLY.

Community Hospice of Northeast Florida, Inc.® d/b/a Community Hospice & Palliative Care (Community Hospice & Palliative Care) creates and maintains a medical record in paper and electronic formats for the purpose of documenting the care provided to you and your family.

The personal, financial, and protected health information in your medical record (collectively, "Health Information") includes your medical, mental, family, and social histories, descriptions of medical treatment by Community Hospice & Palliative Care and other health care providers, and personal and financial information which could be used to identify you.

This Notice of Privacy Practices ("Notice") describes Community Hospice's responsibility to protect the privacy your Health Information and your rights, under federal and state law, to control your Health Information.

How Community Hospice & Palliative Care Protects Your Health Information

Community Hospice & Palliative Care is required, by law and the terms of this Notice, to:

- 1) Protect the privacy and security of the Health Information which Community Hospice & Palliative Care acquires from and about you;
- 2) Notify you in the event the privacy or security of your Health Information is breached; and
- 3) Provide a paper copy of this Notice to you.

Additionally, whenever Community Hospice & Palliative Care is authorized, permitted, or required to provide your Health Information to another person or entity, Community Hospice & Palliative Care endeavors to provide only the minimum information necessary to comply with the request (*for example, Community Hospice & Palliative Care provides*

only that amount, type, or category of information specifically requested, and does not provide any other information).

Community Hospice & Palliative Care contracts with third parties to perform record keeping and other records services that may require access by those contractors to your Health Information. Community Hospice & Palliative Care requires those contractors to execute a Business Associate Agreement. The Business Associate Agreement requires the contractor to comply with applicable privacy and security standards and laws.

Community Hospice & Palliative Care does not disclose, sell, or give your Health Information to any person or entity who intends to use, or will use, it for marketing or selling goods or services to you.

Community Hospice & Palliative Care allows the Community Hospice of Northeast Florida Foundation for Caring, Inc. a not-for-profit fundraising foundation, access to patient and family contact information for the limited purpose of soliciting donations and volunteers for Community Hospice. Community Hospice of Northeast Florida Foundation for Caring, Inc. correspondence always includes instructions for how you and your family may opt-out of future foundation fundraising communications.

Community Hospice & Palliative Care will retain your Health Information for 5 years after you are discharged from Community Hospice. Your Health Information, unless subject to a pending request from governmental authority or court order, will then be destroyed in a manner that will render it unrecognizable. If you are not 18 years of age or older upon discharge, your Health Information will be retained for 5 years plus the number of years remaining until you reached age 18.

Unless during your life you (or your lawful representative) expressly state in writing that a specific person or entity is authorized after your death to request your Health Information, then a court order may be required pursuant Florida Statute Section 400.611(3) before Community Hospice & Palliative Care will release your records.

The Community Hospice & Palliative Care medical record containing your Health Information is a single multidisciplinary record. Community Hospice & Palliative Care does not create or maintain psychotherapy notes or substance abuse treatment records. The multidisciplinary record may contain substance abuse or mental health information incidental to developing a hospice plan of care. These types of Health Information will be included in Community Hospice's response to an otherwise lawful

request for your complete medical record unless you specifically and timely advise us in writing that you do not want specified information disclosed.
