

# Decisions Day Café

*It's all about how you want to live.*

All of us can expect to experience a sudden or serious illness at some point in our life. Knowing this, we still find it difficult to talk with our loved ones about that certainty and share how we would want to live when that happens. For National Healthcare Decisions Day, Community Hospice & Palliative Care offers that opportunity at one of our Decisions Day Cafés.

At a Decisions Day Café, while eating desserts and sipping tea or coffee, attendees are invited to chat about what is important to you in a relaxed setting. This is not a counseling or bereavement session, but rather a chance to casually talk about something that affects us all and yet is ignored, often until it's too late. It will be uplifting and enlightening, so join us for *The Conversation*.
