Caring for a child with a complex health condition means days filled with physical demands, emotional stress, financial burdens, therapy appointments, balancing the needs of other children and family members, and often continuously supervising the child.

The Kelsi Leah Young Respite Care Fund provides the gift of rest to parents or guardians of children in the Community PedsCare® program.

Kelsi Leah Young (Jan. 28, 2005 ~ Dec. 1, 2005) was a beautiful little girl who touched countless lives during her brief life. Her family has established this fund in her memory. Sponsorships, admissions and individual donations for the **12th Annual Kelsi Young Gift of Care Celebration** demonstrate a caring commitment to the families of children with life-limiting illnesses.
